President's Greeting
Targets of Rotaract Clubs
5th Tohoku Volunteer
Japan National Rotaract Day

Greeting from **President** **MIYAGAWA TSUBASA**
宮川 翼
(Tokyo West RAC)

Hafa Adai! I am TSUBASA MIYAGAWA, the president of Rotary International District 2750 Rotaract in 2013-14. We are glad to have two celebrations: the 45th anniversary of Tokyo Fuchu Rotaract Club, which is the oldest RAC in our district, and the 5th anniversary of the youngest Chuo-University Rotaract Club. With a respect for the tradition cultivated by pioneers, I serve for the further development of rotaract as a “NEW WIND”.

The attractive points of rotaract are 1) with the colorful colleagues, 2) growing up through the variety of activities and volunteers, and 3) experience a distinct fulfillment which is not obtained in jobs or school works. Rotaract experiences must be the basis to provide the leadership in our society.

The target “Icchi - Dan - Ketsu” means

『一致団結』

“Unite & fully enjoy rotaract!”

I will appreciate your further help and encouragement from now on.

Thank you!

Volunteers of RID2750-RAC visited the Minami-Sanriku area struck by earthquake (Day1) and communicated with local people. Next day, we operated two stands in Shoku-kou-sai (festival to boost area by food) and sold the best souvenir of Hachioji “Takao-potato”, mulberry tea, and yo-yo. Everybody really enjoyed the festival!

Cheer up Tohoku! Charity Concert and Bazaar

We sold products of Minami-sanriku and other donated goods and obtained ¥74,200-. All proceeds will be used for encouraging people living in Tohoku in the next volunteer tour.

Editor's Note: Part 1 "Autumn wind, Individuality targets, Question for secretary"

It is now three months, and season to feel the nip of fall in no time the new year has begun. In the first Executive Committee, we presented the rich individuality target of each club, served with "club dream color" guided by Tanaka Mitsuko, who is a color therapist (photo). As official visits go, photography "Icchi-Dan-Ketsu" (meaning "solidarity") calls has become a popular. Here I tried to hear to secretary Chiaki Kawaura, cornerstone of district administration: "Please haiku looking back on the first quarter?" Chiaki: "Pardon such reckless yellowtail Yukino-san! (5-7-5 in Japanese)." It is a reliable secretary who will respond quickly and accurately to the needs for Everyone! Now we please look forward to the next issue as well. Thank you.
